Dear Linzi,

As you have heard from Claire, I wish to start my BTR in February. However I wasn't registered with MSP this semester as I took a pause in my studies to save up and gain professional experience. I sent an email to student affairs 2 weeks ago in order to plan my re-registration. They replied that they are working on it but I haven't heard any news since.

In view of this, would it be possible to send you the required information via email since I do not have access to my UM account or the student Intranet until my re-registration is completed?

Kind Regards,
Xavier Spronken

P.S. I have attached a short description of my thesis, I can also ask Claire to send you a formal confirmation that she would be my BTR supervisor from February to June if it is needed.

Good Afternoon,

Thank you for your email.

Unfortunately I cannot send you the information you need as it is a form on MSP Intranet that you need to complete. However, if you can send a proof of correspondence from Dr. Blackman confirming to be your Supervisor for those dates, then I can add it to what you have already sent and you can complete the form later.

Kind Regards,
