Dear Board of Examiners,

I hereby submit to you my request for a Leave of Absence.

I will not be able to attend MSP this semester due to personal and financial reasons. I was not able to find housing for this semester within my budget.

Due to this I have spent this summer working on a Google Summer of Code project, which ended a week ago and I have found a new full-time job for three months starting in October.

I wish to return next semester to start my thesis and complete my last 3000 level course. I would choose Cosmology, which I believe to be in period 4. Thus, I would return to MSP for the beginning of that period, on the 6th of February.

Thank you for your consideration,
Regards,

Xavier Spronken
